WHAT IS CONSIDERED HOUSEHOLD HAZARDOUS WASTE?

- **Gardening Products:** pesticides, herbicides, poisons, fertilizers, and garden chemicals
- **Outdoor Products:** BBQ propane tanks, kerosene lamp oil, lighter fluid, and pool chemicals
- **Paint Products:** paint, stain, varnish, adhesive, paint thinner, resin, epoxy, caulking, and wood preservatives
- **Household Products:** batteries, cooking oil, fluorescent tubes & bulbs, light ballasts, smoke detectors, and mercury thermostats

All of these products must be properly disposed of at a Household Hazardous Waste Facility OR Antifreeze, Batteries, Oil & Paint Collection Facility.

TIPS FOR HANDLING AND STORING HOUSEHOLD HAZARDOUS WASTE PRODUCTS:

- **NEVER** mix any products together. Mixing products can be very dangerous.
- Keep products in their original containers with labels on.
- Follow storage directions that are provided on the product's label.

ANTIFREEZE, BATTERIES, OIL & PAINT COLLECTION FACILITIES:

Beaumont-Hemet Area
Lamb Canyon Landfill
16411 Lamb Canyon Road
Beaumont, CA
Open Mon-Sat
6:00 AM - 4:30 PM

Moreno Valley Area
Badlands Landfill
31125 Ironwood Ave
Moreno Valley, CA
Open Mon - Sat
6:00 AM - 4:30 PM

Murrieta-Temecula Area
County Road Yard
25315 Jefferson Avenue
Murrieta, CA
Open non-holiday weekends
Sat 9:00 AM - 2:00 PM

PERMANENT HOUSEHOLD HAZARDOUS WASTE COLLECTION FACILITIES:

Agua Mansa
1780 Agua Mansa Road
Jurupa Valley, CA

Lake Elsinore
512 N. Langstaff Street
Lake Elsinore, CA
Open Oct-May 9:00 AM - 2:00 PM
June-Sept 7:00 AM - 12:00 PM

Palm Springs
1100 Vella Road
Palm Springs, CA
Open non-holiday weekends
Sat Oct-May 9:00 AM - 2:00 PM
June -Sept 7:00 AM - 12:00 PM

TIPS FOR COMMON HOUSEHOLD HAZARDOUS ITEMS

Help your customers make eco-friendly decisions by offering these helpful tips!

RCWatershed.org

GARDENING PRODUCTS

Gardening products that contain harmful chemicals can pose a threat to our waterways when washed down the storm drain.

Tips for Usage:

- To prevent water contamination, these products shouldn't be used before rainfall or before irrigation.
- When applying pesticides to plants, only spray the spots where the pest is most prevalent.

OVERIRRIGATION

Overirrigation is one of the ways we create runoff at home which can carry pollutants into our waterways.

Tips:

- Water less frequently
- Fix leaking sprinklers
- Check that sprinkler heads are pointing to grass (not street or sidewalk)
- Install smart sprinklers, which have water-saving features like scheduled irrigation and weather awareness

For water-saving rebates, visit **socalwatersmart.com**

BATTERY PRODUCTS

Batteries must be safely disposed of at Antifreeze, Batteries Oil & Paint Collection Facilities OR Household Hazardous Waste Facilities.

Did you know?

When batteries end up in the landfill, the metals and chemicals can leak into the ground and into our waterways. This applies to ALL batteries, including alkaline, rechargeable, and automotive.

PAINT PRODUCTS

Paint is formulated with many chemicals that require proper disposal at an Antifreeze, Batteries Oil & Paint Collection Facility OR a Household Hazardous Waste Facility.

Tips for Usage:

- Paint products should **NEVER** be poured down the drain.
- Brushes used with water-based paint can be washed in the sink with water.
- Brushes used with oil-based paint should be cleaned using paint thinner. Paint thinner should be stored for reuse or disposed of at a Household Hazardous Waste Facility.
- Empty paint cans should be left to dry before disposal into the trash can.
